

# Live Online Language Learning

Build fluency, accuracy and confidence

## Languages to learn

Currently we offer 5 different languages:

- English
- French
- Spanish
- Italian
- German

If you are interested in learning a language not listed, please call us on **0845 122 7102** as we may be able to help you.

## Set up time

We can usually have a programme up and running for you within 2 working days of you confirming your booking.

## What is live online learning?

**Live online learning** is you and a specialist trainer connecting live over the web with audio and video in a virtual classroom.

It's just like having a one-to-one training session, the only difference is that you and the trainer are in different locations and using technology to connect.

## What equipment and software do I need?

You need a computer with a web browser and a broadband internet connection. We also recommend a web cam and a headset to ensure the best possible quality

## Why would I want to learn a language live online?

Whatever your reasons for learning a language, having a specialist trainer with the skills to respond to your specific needs will significantly improve your overall language performance.

In reality, because of the restrictions of location, fixed timetables and room availability, classroom training often cannot provide the same speed of set up, flexible scheduling or level of personalised learning that is available live, online.

## How does it work?

Using our unique Conflingua approach, you will be able to:

- **evaluate** your language skills right from the start
- **agree** a tailor-made programme focused specifically around *your* needs
- **continuously** review your programme
- **measure** your progress at the end of the programme

## What kind of improvement will I see?

All our programmes focus on speaking and writing skills. Depending on the programme you select, you will see either:

- noticeable progress overall, or
- increased fluency and accuracy, or
- increased confidence

## What about coping in real-life situations?

Our standard pre-programme assessment helps to measure your skill level against the Common European Framework of Reference for Languages.

However, if you also want to understand how your language skills measure up in *real life* situations, we can provide an additional (entirely optional) assessment:

2 half-hour conversations with native speakers who are professionals in a similar industry or who share similar areas of interest.

## Free trial lesson

Try before you buy! If you would like to experience the benefits of this service for yourself, call us now to arrange a free trial lesson on: **0845 122 7102**.

## What kind of programmes are available?

Our *individual programmes* are available in three tiers: silver, gold and platinum:

### Confilingua Silver Programme

#### Objective

Express your thoughts and ideas better when speaking and writing.

#### Length

24 training units. We recommend completing these training units within a 12 week period.

#### Cost

£1,080, plus VAT

### Confilingua Gold Programme

#### Objective

Increase your fluency and accuracy when speaking and writing.

#### Length

36 training units. We recommend completing these training units within a 18 week period.

#### Cost

£1,550, plus VAT

### Confilingua Platinum Programme

#### Objective

Build your fluency and accuracy and significantly increase your confidence when speaking and writing.

#### Length

48 training units. We recommend completing these training units within a 24 week period.

#### Cost

£2,015, plus VAT

**Note:** We also have a *corporate programme* available, enabling you to pre-purchase an agreed number of training units, available for use by a number of nominated staff within your organisation.

## How to book

You can book and pay online via our website. We accept debit cards and all major credit cards, including American Express. You can also choose to pay with PayPal.

If you want to book and pay over the phone, arrange a trial lesson or talk through your requirements first, then please call us on: **0845 122 7102**.
